I just got home from vacation yesteday i went to a place called greenport with 2 other familys.We rented a house 3 doors down from a beach.The 2nd night there we went to the beach and made a big bonfire and took a lot of picturs.But we went to another beach too.And there were people jumping off a bridge into the ocean so i did it too but with my Daddy of course.youl see a video off me jumping off a bridge in a few days.Now lets see what my 4 year old sister liked about vacation she likes that she got to play with her friend,and she liked the fire that we made at the beach,and she liked fishing.
