A couple of months ago I went to the pet store to get a tortoise for my birthday. All they had was Russian tortoises. There were several tortoises in the cage. All of the tortoises had a light beige shell except for one of them. And that was the one that I got. So I took it home and named her Kirby. And all she likes to eat is vegetables. She walks very slow. She likes to have a lot of attention. She likes to have fun. She needs to be out of her cage. So if you have a tortoise do all of those things.
